

Introducing Your Independent Tenants and Homeowners Advice Service

We are NewmanFrancis an independent team of community advisors - we have been appointed by the Council and are working with residents on Cambridge Road.

We are here to make sure that you are fully involved with the regeneration proposals for the community and estate and that your views are heard.

Our Role:

- ◆ Support residents to ensure that residents are influencing the proposals
- ◆ Provide impartial advice and information about the regeneration
- ◆ Ensure that residents are aware of their rights and options
- ◆ Work with residents to identify issues and concerns about the proposals and advocate and identify best practice

Our Service

- ◆ Advice over the phone, email and in person
- ◆ Meetings for social tenants and homeowners
- ◆ Supporting and advising your local resident groups
