Delivered by hand to our customers at Trico House (Block 5) Great West Quarter

VERY IMPORTANT HEALTH AND SAFETY NOTICES

Dear Resident,

Good afternoon we are writing with two important health and safety notices – please read the following information and note that action will be taken without further notice.

DO NOT CLIMB ON THE SCAFFOLDING / DO NOT ALLOW CHILDREN TO CLIMB ON THE SCAFFOLDING

We have received reports of young people accessing the scaffolding from flats. Scaffolding and work sites are extremely dangerous and not for playing on. Please supervise your children and be vigilant.

If you see any unauthorised persons on the scaffolding, please report it to the contractor's RLO on 07541 916 254.

DO NOT THROW CIGARETTES OR MATCHES OUT OF THE WINDOW

Despite the contractor's requests, some people are still throwing cigarettes out of windows.

This is a very dangerous thing to do as the cigarette could start a fire, burn someone or blow into someone else's window.

Contractors maintain good housekeeping as part of their health and safety regime, but flammable materials will be on the scaffolding at times, including the insulation which is being removed from the outside of the building. A lit cigarette could ignite such materials with serious consequences.

A2Dominion Treasury Ltd (Co. No. 06583682, registered in England & Wales)

WARNING - BARRIERS AND RESTRICTIONS WITHOUT FURTHER NOTICE

It is not acceptable to put lives at risk and therefore action will be taken without further notice, to prevent accidents.

We have authorised the contractors to install barriers around windows to prevent them opening and to fence in, or board up balconies, where dangerous behaviour persists and/or to prevent people getting onto the scaffolding.

We realise this will be unpleasant for residents in those flats, however we must endorse the contractors zero tolerance approach where lives are at risk.

Thank you for your cooperation.

Jess Ward
