

Introducing NewmanFrancis

NewmanFrancis is a leading community engagement organisation.

We are experienced in working with communities to create neighbourhoods that are better places to live and where local residents feel proud to call home. In fact, we've helped to make it happen time and time again and this is what drives us forward.

NewmanFrancis has been appointed to work closely with Shepherds Bush Housing Group on the leaseholder consultation and engagement process for the Central West project.

Meet the NewmanFrancis Project Team

Mekor

Syed

Jonathan

Our role is to ensure leaseholders are consulted, engaged, and well informed throughout the project. We will provide independent and impartial advice, as well as working with leaseholders to ensure they are aware of how the proposals for the future of Central West may affect them.

NewmanFrancis staff will be available to provide one-to-one support for leaseholders during the project.
