

Sumner Buildings

Your views. Your estate. Your future.

We're talking to residents about the proposed development on Sumner Estate and would like to hear what you think could make the estate a better place to live.

Green spaces: What would you like to see in the gardens and outdoor areas?

Accessibility: Are there areas that are difficult to get around?

Community growing: Would you like more opportunities to grow plants, flowers or food?

Getting around: How do you move around the estate? Are there areas that could be improved?

Outdoor spaces: What do you like about the estate now? What would you change?

Your ideas: What would make the outdoor spaces more welcoming, useful and enjoyable?

Scan the QR code or click the link below to share your views on the proposed development:
