

New Festival Quarter

ACM Cladding remediation project

The New Festival Quarter ACM cladding remediation project is coming to an end. Newman Francis and Jessella, would like to thank residents for their cooperation, understanding and patience during these works. All ACM cladding has now been removed from all buildings at New Festival Quarter. Residents will now be able to enjoy a safer home.

It is anticipated that the remaining scaffold will be removed by Christmas and the site compound and storage areas dismantled early in the New Year. NewmanFrancis will continue to respond to enquiries for a short while after the completion of the works to assist in resolving any residual enquiries. You can contact us by email - nfq@newmanfrancis.org

No works will be carried out between **24th Dec 2021 and 4th January 2022.**

The normal NewmanFrancis Resident Liaison Officer service will not be available during the same period.

In case of an emergency in relation to the site compound or storage area please call:

07949 706328 - Jessella

0208 536 1436 - NewmanFrancis

Happy Holidays
from all at Jessella and NewmanFrancis
